

As Chief Inspector of Election, I congratulate the winners of the 2022 Board of Directors election and thank all Sierra Club members who voted.

Our organization's Board of Directors is an all volunteer team collaborating on important decisions that determine our organization's priorities, policies, and financial health. These newly elected directors will join the 10 existing members to make up Sierra Club's highest governing body.

In 2022, the Board of Directors will be responsible for selecting our next Executive Director, prioritizing equity at the forefront of everything we do, and collaborating with staff, volunteers, and partners across the country to meet the challenge of building a livable future that sustains us all.

The Inspectors report the final results of the 2022 Sierra Club Board of Directors election as follows:
